

## SPECIALIZATIONS

Zanesville Steel specializes in the engineering, fabrication, and distribution of steel racking systems. While our core competencies are designing and manufacturing racking systems, our capabilities and experience include detailing and fabricating structural and miscellaneous metal products for commercial, industrial, retail and a vast array of residential markets.

### START YOUR CAREER WITH US

---

Our success is driven by the quality and dedication of our employees. At Zanesville Steel, we seek individuals who share our values as a means of reinforcing and furthering our company's successful philosophy. We are looking for motivated, positive, and hardworking individuals to join our team.

We strive to meet the needs of each employee because our success depends on the satisfaction, effort, and commitment of each team member. To this end, we support and energize all employees to continuously improve productivity and exceed the expectations of our customers. Joining our company should not merely be the process of getting a job, but rather, making an occupation lifestyle choice.

### BASIC REQUIREMENTS

---

Painting surfaces by washing steel, repairing holes, or removing old paint. Mixing, matching, and applying paints and other finishes to various steel surfaces. Handling planning and prep work in an efficient manner.

### WORKING FOR US

---

Zanesville Steel is a locally owned and operated custom steel fabrication business. We offer our employee's health insurance including medical, vision, dental and life insurance coverage. Additional benefits include paid vacations, paid time off, competitive wages, a fun and exciting team environment. Join our team today!
